Fall 2017 Overview

- Through continuous efforts to streamline and refine the assessment process CAU, with the support of the Office of the Provost and OPAR, instituted the Six-Step Assessment and Improvement Process in alignment to SACSCOC standards and best practices. Though this process, the **“Evolution”** of the General Education Program occurred:
 - Via CAU’s Electronic Assessment System-Improve, the General Education Assessment Plan was developed, comprised of the **88** GE Courses.
 - Improve GE Administrators were identified
 - OPAR will provide an Assessment Completion Report to the GECC at the conclusion of AY 2017-2018
